ECM continued its service to The Housing Authority of the City of El Paso (HACEP) in its execution of the groundbreaking new Rental Assistance Demonstration (RAD) program. The goal of RAD is to preserve public housing by providing access to more stable funding to the nation's rapidly aging and deteriorating supply of affordable rental housing for needed improvements and ongoing maintenance.

The Housing Authority of the City of El Paso (HACEP) is the largest public housing authority in Texas and the 14th largest in the United States. It serves 40,000 low-income El Pasoans.

ECM is currently engaged as Owner's Representative of the first phase of construction involving over a dozen distinct communities. Duties include monitoring construction progress, schedule verification, completion punch lists and documentation of overall project for quality, cost and timely delivery.
