ECM International is currently engaged by the El Paso Community College District (EPCC) to perform program management services for their Master Plan 2016 Bond Program, which includes six construction projects over EPCC's five campuses. The projects include: new lab and classroom buildings, a multi-level parking garage, and an automotive technology workforce facility.

The following campuses will receive expansions:

- Valle Verde: 144,600 sq. ft.
- Mission Del Paso: 60,500 sq. ft.
- Rio Grande: 205,200 sq. ft.
- Northwest: 35,000 sq. ft.
- Transmountain: 25,000 sq. ft.

ECM's comprehensive Program Management Services include A/E and contractor selection, contract management, the formalization and establishment of District-wide standards for design and construction, space planning, IT/AV/Security, the survey and analysis of existing facilities, and the coordination of miscellaneous enabling projects as necessary to facilitate the new construction. Efforts also include managing the construction, commissioning, and turnover phases.
