

STUDENT HEALTH AND COUNSELING CENTER SAM HOUSTON STATE UNIVERSITY

CLIENT

SAM HOUSTON STATE UNIVERSITY
TEXAS STATE UNIVERSITY SYSTEM

LOCATION

HUNTSVILLE, TX

ROLE

PROJECT AND PROGRAM MANAGEMENT

PROJECT

28,500 SQFT
\$8.9 MILLION

ECM International is currently engaged by the Texas State University System (TSUS) on behalf of Sam Houston State University (SHSU) to perform program/project management services for a variety of SHSU's campus projects which will transform the south portion of the Huntsville campus into a living and learning environment for students and faculty and upgrade other facilities and infrastructure on the campus.

The group of major construction projects being supported by ECM requires daily coordination of activities to assure uninterrupted continued operations of the campus. The safety and security of the students, faculty, staff and contractors are also of paramount importance.

The new William R Powell Student Health and Counseling Center on the Huntsville campus of SHSU began construction in October 2013 and was occupied in August 2014. The 28,500 square foot facility combined and expanded the existing Student Health Center and the existing Student Counseling Center into a new two-story facility.
