

LAW ENFORCEMENT CENTER BEE COUNTY, TEXAS

CLIENT

BEE COUNTY

LOCATION

BEEVILLE, TEXAS

ROLE

PROJECT MANAGEMENT

PROJECT

\$ 20 MILLION

Bee County retained ECM as Project Manager to undertake owner representation for the design and construction of the new Sheriff's Office and Jail Facility. The new facility will replace a 30-year-old structure, which has out grown its usefulness, and is in need of modernization.

The 39,300sf detention facility will contain 140 beds for the male and female population, laundry, kitchen and other support areas, an intake and booking area, medical facilities, administrative and staff area, a courtroom and public visitation area. A unique feature will be the addition of video conferencing equipment, so that family members can communicate with inmates remotely, as well as in person.

The 13,000sf Sheriff's office will contain the latest technology enhancements which will provide public safety services to the citizens of Bee County for many years to come – including a 911 dispatch center, criminal investigation lab, evidence storage area, and administrative/operational space.
